

RELY-A-PLY®

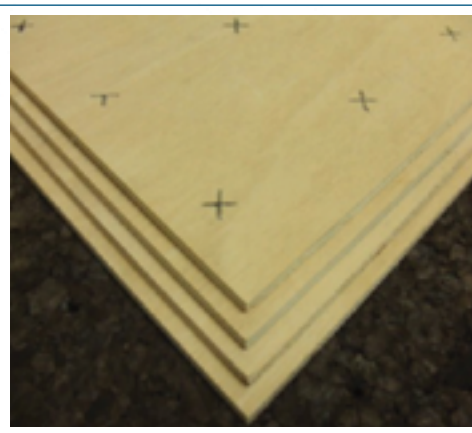

Professional Floors Start With Reliable Products

From North America's premier hardwood lumber and plywood supplier comes RELY-A-PLY, a premium flooring underlayment plywood. RELY-A-PLY is specifically designed to improve the surface quality of wood based sub-floors and provides the ideal surface to install your choice of decorative flooring: vinyl, carpet, ceramic,

stone, or hardwood. RELY-A-PLY's superior properties are a result of rigorous inspections to ensure quality control standards for the best product possible. The result is floor ready, structurally sound panels that have the durability and dependability that you can rely on.

Features

- 15 Year Warranty
- Durable, Smooth Finish
- All Hardwood Construction
- Void Free
- No Color Bleed Through
- Moisture Resistant Glue
- Consistent Thickness

X marks the spot for proper, worry free installation

Integrity of the core is critical. Our extensive inspection process ensures predictable results.

Properties

Thickness:	5mm or 5.5mm
Width:	1220mm (4')
Length:	1220mm or 2440mm (4' or 8')
Moisture Content:	$\leq 12\%$
Thickness Tolerance:	$\pm .3\text{mm}$

Overlay

- Light-colored engineered hardwood veneers will not allow color to bleed through your decorative surface.
- Only high grade defect free veneers are used for the faces.
- The finished sanding provides an incredibly smooth surface.
- An evenly spaced 'X' pattern provides the guide for proper installation.

Core

- Tropical hardwood is used for its stability and high density characteristics.
- Multi-ply cross grain construction combined with void free components results in a strong, stable core that is resistant to damage from furniture legs or high heels.
- Core veneer is dried to 12% moisture or less to ensure a flat, stable panel.
- Panels are calibrated to ensure an even thickness.
